2011-Present

California State Osteopathic Medical License

July 1 2008-July 1 2018

Board Certified in Physical Medicine and Rehabilitation by
American Board of Medical Specialties

California DEA Registration –Active

ACLS and BCLS certification active and up to date.

PROFFESIONAL EXPERIENCE

January 2012 – Present

**Northern California Spine Institute
Sonora, CA**

Practice Includes:

Non-operative and Interventional management of Spinal Disorders

Diagnostic and Therapeutic Spine injections (fluoroscopic)

Occupational Medicine consultations

Electrodiagnostic consultations

Radiofrequency Neurotomy

January 2011-December 2011

**UC Davis Pain Fellow
Sacramento, CA**

Actively trained in all aspects of pain management including a vast array of interventional procedures, medical management, and various other multidisciplinary methods.

GARTH T GREENWELL DO

September 2010-January 2011
Acting Medical Director
Fairmont Rehabilitation Hospital
San Leandro, California

Served as medical director and solo medical physician for a 40 bed acute inpatient rehabilitation hospital. Tasked with evaluation and management of all patients as well as overseeing midlevel practitioner and numerous other ancillary staff members.

- Responsible for all admissions and discharges
- Responsible for daily medical and rehabilitative care of all inpatients, to include writing progress notes, obtaining diagnostic studies and managing medications.
- Acted as team leader in weekly multidisciplinary meetings with all providers in an effort to optimize patient care.
- Conducted regular training meetings with all levels of support staff.

February 2010-July 2010
Assistant Service Chief for Physical Medicine
Tripler Army Medical Center, Hawaii
United States Army

Resumed prior duties after returning from deployment, see below

February 2009-February 2010
Battalion Surgeon
Second Battalion, Fifth Cavalry Regiment,
First Brigade Combat Team

Served as senior medical officer for over 800 active duty soldiers while deployed in Iraq. Lead a team of over 40 combat medics and a physician assistant. Tasked to set up field battalion aid station and provide both routine and emergency medical treatment for multiple combat operation missions in 6 different regions of Iraq.

- Primarily responsible for stabilizing battlefield casualties in order to evacuate to next echelon of care. This included controlling bleeding, treating shock, securing airway/breathing, and controlling pain.
- Coordinated and executed a weekly training schedule for combat medics including emergency combat trauma skills as well as routine sick call topics.
- Responsible for monthly command medical brief, to include injuries, preventive medicine, and medical trends.
- Coordinated and executed several training sessions consisting of basic and emergency medical care topics to local national Iraqi first responders.

GARTH T GREENWELL DO

July 2007-December 2008
Assistant Service Chief for Physical Medicine
Tripler Army Medical Center, Hawaii
United States Army

Clinical duties included caring for outpatient active duty service members, dependents and retirees. Scope of practice included acute and chronic musculoskeletal injuries, neurological conditions, and chronic pain management. Typical week consisted of 1 day doing electrodiagnostic evaluations, 1 day of doing fluoroscopy guided interventional procedures, and 3 days of outpatient clinic.

- Evaluated and managed all inpatient rehabilitation consultations.
- Coordinated and conducted monthly multidisciplinary conferences with Neurosurgery and Orthopedic Spine Surgery in order to discuss treatment options for complicated chronic pain patients.
- Coordinated and conducted separate monthly multidisciplinary conferences with chronic pain psychologists, addiction psychologists, and various primary care physicians to discuss difficult to manage chronic pain cases.
- Reviewed all outpatient consultations and worked with administrative staff on scheduling all patient appointments with myself and 2 other physicians.
- Acted as primary preceptor for rotating medical students and residents through the Physical Medicine Service, including conducting and reporting student/resident evaluations.
- Implemented and staffed the first ever complementary and alternative pain clinic at Tripler Army Medical Center, which included acupuncture, manual manipulation, and biofeedback.
- Gave multiple presentations to Physical and Occupational Therapists on various musculoskeletal topics.
- Represented U.S Army Physical Medicine and Rehabilitation in a committee looking at ways to improve the standards of the electronic documentation system.

June 1994-September 1996
Shop Foreman/Heavy Equipment Mechanic
Rocky Mountain Quarry and Service Company
Oakley, Idaho

In charge of diagnosis, repair, and scheduled maintenance of a large fleet of heavy equipment for a midsized mining company. Also responsible for overseeing work for 3 other mechanics.

- Charged with bidding, billing, and collection on all jobs.
- Maintained weekly tracker indicating when all vehicles were due any services.
- In charge of collection of time cards and doing payroll on other employees.

GARTH T GREENWELL DO

July 1991-June 1994
Firefighter/Emergency Medical Technician
Twin Falls Fire Department
Twin Falls, Idaho

Worked as an entry level firefighter for a city of about 100,000 people. Duties included training as structural firefighter and emergency medical technician. Mission was to preserve life and property in the event of structural fires both residential and commercial as well as automobile accidents.

June 1987-July 1991
Firefighter/Emergency Medical Technician
United States Air Force
Fairchild AFB, Washington

Enlisted in United States Air Force. Primary duties included training as both structural and aircraft firefighter and emergency medical technician. Mission was to preserve life and property in the event of aircraft crash, structural fire, or automobile accident.

- Was deployed from January 1991-June 1991 to Saudi Arabia in support of Operation Desert Storm.

EMPLOYMENT SPECIAL QUALIFICATIONS

In addition to general Physical Medicine practice also credentialed in:

- Electrodiagnostic evaluation and interpretation.
- Interventional spine procedures to include; ESI, SNRB, SI joint, Facet and medial branch blocks/RFA.
- All joint and soft tissue injections, with or without ultrasound guidance. (Trained at US Army short course workshops on musculoskeletal ultrasound)
- Acupuncture
- Osteopathic Manual Manipulation
